THE PHILOSOPHY

Pursuing the thrill of each moment, day and night, the spirit of Bellaires is colorful and glimmering. It is the quintessence of the mediterranean way of life, essential to our creations.

Like any art, this poetic lifestyle – seemingly dilettante – has its own codes and rules, which guarantee the elegance of our works, ultimate goal of our approach.

THE DESIGNERS

The french designer Thomas Sauvage studied civil engineering and industrial design. He is specialised in the design of outdoor furniture and became a cofounder of the EGO Paris company. He has been in collaboration with Dolce Vita since 2005. His inspiration come following the project he work on but being almost exclusively a furniture designer makes him curious about many fields of creativity and architecture is undoubtedly one that can tease his inspiration. He has been honoured with a "Red Dot: Best of the best".

Bellaire collection: Amore / Anita / Ernest / Primavera / Amore / Giulia / Horizons / Livia / Palmarola / Vespa / Agate / Lips / Movidia / Bali / Leaz / Maya / Milos / Motu / Net (...)

Graduated from l'E.P.I.A.R (Arts Décoratifs) in Nice, major in Design, and got the honors in Scénography. Space designer, Sandrine Latour first specialised in ephemeral architectures (theater, showroom, exhibition space, ...) Today she broaden her field of intervention to object design with the same requirements of creativity, elegance and poetry in the forms. She has been in collaboration with Dolce Vita since 2015 as the creative director for our collections and events. She also designed our range of accessories.

Bellaire collection: Table Mat / Napkin Holder / Tray

Created in 2013 by a creative quartet, The design agency MESSIEURS has established itself as one of the leading players of creation on the luxury market. From the brand identity, the communication as well as product design and retail store design, this collective of creative people work intuitively in order to ensure optimum satisfaction to there customers, while also respecting there values and DNA. Bellaire collection: Vela

Caroline Ziegler and Pierre Brichet met as they were part of Collectif Dito. They founded the Studio Brichet Ziegler in 2010. The design duo built up through exchange and dialogue to make an open think tank, where poetry, materials and forms express with sensitivity. They collaborate with several furniture and lighting companies, and work on industrial projects and interior design. They were awarded the VIA Project Assistance grants in 2011 and 2012, and the Bourse Agora grant in 2007 with Collectif Dito. In 2018, they are awarded Grand Prix de la Création de la Ville de Paris.
